

QUALITY POLICY:

Serigraph Inc. is committed to the manufacture of products that meet or exceed all applicable laws, regulations, and industry standards. We believe that each employee has a role to play in achieving product quality and are committed to continuous improvement of our products by utilizing the tools of A-3 problem solving and Plan-Do-Check-Act. We will achieve continuous improvement in all areas, including the effective application of the Quality Management System, by using Dashboards dedicated to identifying and measuring key performance indicators. It is through this commitment that we produce products which consistently meet or exceed customer requirements.
