

“ Serigraph brings a lot of engineering design expertise to solve a problem. They help make parts more manufacturable. ”

- Serigraph Customer
Automotive Parts Manufacturer

SERIGRAPH JUMPS THROUGH HOOPS

Creativity and ingenuity are key strengths that we bring to the table

CHALLENGE:

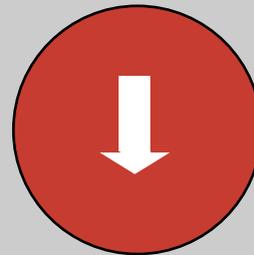

Large automotive parts manufacturer had an extremely complex supply chain:

- Managed numerous SKU’s and configurations
- Costly supply chain disruptions
- Complex supply chain, high number of vendors

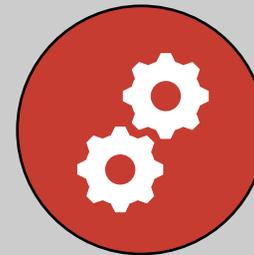

SOLUTION:

Serigraph provided more than fifty different parts (SKUs) to manufacturer and delivered straight to China. Cutting out the middle man simplified the supply chain.

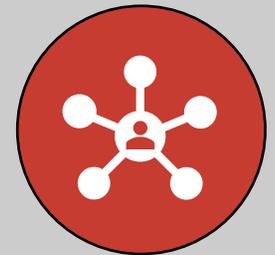

RESULTS:

**REDUCTION
IN COST**

INNOVATION

**SIMPLIFIED
SUPPLY CHAIN**

- 30% reduction in cycle time eliminated inventory obsolescence and saved millions
- Reduced cost and complexity by consolidating supplier base
- Engineered new supply chain solutions
- Reduced risk and insurance costs associated with transporting goods
- Partnered to deliver difficult-to-supply solutions
- Improved speed to market by 3 weeks
