## ABOUT **SERIGRAPH**

Serigraph Integrated Graphics Group is a leading manufacturer of plastic printing, decorating and graphics technologies for companies in the Automotive, Appliance, Medical, Consumer and Power & Outdoor markets.

## **INNOVATIVE PRODUCTS** FOR YOUR LIFE-SAVING SOLUTIONS

Serigraph is a leader in providing engineered product solutions to a wide range of companies around the world. Serigraph's product decorating capabilities enable our customers to design in curves, contours, colors and coatings that enhance user experiences while maintaining brand integrity.

## **HOW WE HELP**

We help sophisticated companies reduce the number of components, design-in performance features and create distinctive products through decorating innovation. Our durable product designs provide a sterile and seamlessly integrated solution for medical devices.

...fruitful relationship since 1999 providing everything we need. If there is something they can't make, they work well with designers...work well with deadlines. [Serigraph] is over-the-top with delivery and their timeliness.  
- Serigraph Customer
