

IF P-O-P IDEAS LEAVE YOU FLAT

LET US HELP YOU GET DIMENSIONAL

HOW WE DO DIMENSION

Serigraph creates dimensional signage through structural design, shaping techniques, and substrates.

FEATURES

Whether you need short-term or permanent durability, indoor or out, Serigraph's design team and materials experts can find solutions that stand on their own merit. Using techniques like thermo/vacuum-forming, we turn simple shelf-signs into centerpieces and cold-cases into displays.

Whether you need to hold product, display literature, or communicate a message, Dimensional Products help your brand stand out.
